

ANNEX 3 to the 6th EULEX Judges Assembly Agenda

The EULEX Judges Assembly hereby is asked to decide on the following advice to be given to the Kosovo Authorities, especially to the KJC:

ad 1:

A sufficient number of hard copies of the Official Gazette of Kosovo shall be submitted to all courts in Kosovo on a regular basis and as close to the date of final editing as possible. There is urgent need to make sure that not only the court presidents and the court administrators receive a copy of the Official Gazette, but also every judge. This is needed in order to keep all judges updated on newest legal developments and in as much as none of the courts has a library, which is accessible to all judges and other court staff all the time and during working hours.

ad 2:

A general memory of the Official Gazette of Kosovo shall be created as soon as possible in order to enable all relevant court staff (and other users) to immediately find the source of a law and its amendments, not depending on the question when and in which context the law was published.

ad 3:

Once a new law comes up after the newest version of the Official Gazette was published, it is recommendable to make sure that the court presidents are immediately informed and a copy of the new law is submitted by the KJC.
