1. Questions regarding technical specifications

No	Question	Answer
1	In Annex II+III: Technical Specifications + Technical Offer it is said: "Certificates "CE" and technical datasheets for the following <i>items</i> has to be submitted with the technical documents: 121; 122; 123; 124; 125; 126; 128; 130; 131; 135; 136; 137; 138; 142; 143; 144" and what about items No. 127, 129, 132, 133, 134, 139 and 140 - these are also electric power tools	Only the tools defined as electrical in the table indicated in Technical Specifications should have the supporting documentation.
2	You didn't ask for commercial warranty for item No. 201 although it is the same tool as items 200 or 202 just with other dimensions - is it mistake?	Yes, please refer to corrigendum number 5.
3	It isn't common practice to give warranty - particularly not for 5 years - for following items: 24, 63, 68-71, 74, 100, and 264 so we kindly ask you to check these items once again.	No need for commercial warranty for these items, only contractual warranty applies. Please refer to the corrigendum number 5.
4	for items 20-23 we need more information because your description does not match the standards: for external circlip pliers: DIN 5254 A (straight) DIN 5254 B (bent) for internal circlip pliers: DIN 5256 C (straight) DIN 5256 D (bent) and it is common that No. 2 means 180	The range needed is 10-25 mm

	mm as length of pliers. However, if you need 6" or 140-150 mm pliers please publish which range is needed: 3-10 mm 10-25 mm 19-60 mm	
5	for items No. 174, 175, 176, 177, 178, 179, 180: It is said that it is compliant with item 136 but the diameter of saw blade isn't the same please check and publish what is correct	The listed Items should be compliant with <u>Item 139</u>
6	items 188 - 194 have the same description with one standard which is suitable only for one or two of those items - please publish the correct descriptions and standards	As is. The Contracting Authority considers that no further explanation is needed.
7	Can you publish <u>the height</u> of item No. 275	The height of item 275 is 6 m
