1. Questions regarding Technical Specifications

1	Lot 1	<p>Desk under desks draws and chairs. We have went through many manufacturers and communicated with many of them as well, they are very pleased to provide those products, and the price are nice, however, there is a problem i think need to let you know, the dimension of those furniture we could offered have a slightly difference between those what been required, the maximum difference is 2cm, and they are mainly in terms of Height (e.g, item 5, the height you required is 72cm, the product we can offered is 74cm height), therefore, we hereon send you this clarification, if you think those slightly differences not affect a lot, then we will very pleased to send you the tender documents on time.</p>	<p>Dimensions are given, but if they are max 2, 0 cm higher or wider – that will be accepted.</p>
2	Lot 2 Item 2	<p>Minimum and maximum dimensions for the Lockers are so different and represent a possible problem with offer. It means none will give the maximum dimension in order to have the lowest price, which is the only criteria for this call. So, we suggest to make an addendum according to exact needs that must be fulfilled, or to make these two technical details (measurements) more similar</p>	<p>Minimum dimensions must be fulfilled. Maximum dimensions are mentioned due the limited space. No addendum will be made.</p>
3	Lot 3	<p>Office Accessories of the above mentioned tender, please confirm that when you refer to “European wall plug” (Items 2, 3 & 7) you are requesting a Schuko plug. Otherwise, could you please publish a picture of the requested</p>	<p>That is a schuko plug , see picture</p>
