Participation is also open to international organisations. Participation of natural persons is directly governed by the specific instruments applicable to the programme under which the framework contract is financed.

The rule of origin has been derogated.

9. Grounds for exclusion

Any tenderer may state in its tender that it would offer a discount in the event that its tender is accepted. Tenderers **may not** submit a tender for a variant solution in addition to their tender for the supplies required in the tender dossier.

11. Tender guarantee

Tenderers must provide a tender guarantee of (**see below table with the amount per lot**) when submitting their tender. This guarantee will be released to unsuccessful tenderers once the tender procedure has been completed and to the successful tenderer(s) upon signature of the contract by all parties. This guarantee will be called upon if the tenderer does not fulfil all obligations stated in its tender.

Lot 2	Plumbing Material	Euros 700.00
Lot 3	Electrical Material	Euros 900.00

12. Performance guarantee

The successful tenderer will be asked to provide a performance guarantee of **5%**, (five %), of the yearly maximum amount of the framework contract at the signing of the framework contract. This guarantee must be provided together with the return of the countersigned contract no later than 30 days after the tenderer receives the contract signed by the Contracting Authority. If the selected tenderer fails to provide such a guarantee within this period, the contract will be void and a new contract may be drawn up and sent to the tenderer which has submitted the next cheapest compliant tender.

13. Information meeting and/or site visit

No information meeting is planned.

14. Tender validity

Tenders must remain valid for a period of 90 days after the deadline for submission of tenders.

15. Period of implementation of tasks

The framework contract will enter into force on the date of its signature by both parties, but it will only be implemented by means of “purchase orders” i.e. deliveries shall only take place following the issuance by the contracting authority of “purchase orders”.

Deliveries shall take place within 14 (fourteen) working days after the receipt by the contractor of a “purchase order”, except for some of the items of LOT 1 for which the delivery period will be within 45 (forty five) calendar days after the receipt of a “purchase order”. Those specific items are indicated in the Tender Dossier (Technical Specifications).

The framework contract shall be concluded for a period of one (1) year with effect on the date on which it enters into force, (although the Framework contract may be terminated at short notice. See article 36 of the special conditions of the draft contract).

The contracting authority may, at its own discretion extend this framework contract. Such extension shall be made under negotiated procedure. The contract may only be extended once, such that the duration of extension does not exceed the duration of the initial framework contract. Any extension will be conditioned and limited by the Mission’s mandate, the availability of corresponding budgetary funds and the satisfactory fulfillment of its obligations by the contractor.

 - a) The average turnover of the tenderer for the last two (2) years must be at least equal or exceed the financial proposal for the lot(s) tendered. (I.e. exceed the **aggregated** value of the financial proposals in case several lots are tendered).

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them.
