

Corrigendum No 1 to the Technical Specifications.

<p>Framework Contract for the Supply of Microwave Equipment and Telecommunications Towers EuropeAid/128790/D/SUP/KOS</p>

The following amendments were made to the “Technical Specifications” Annex II + III of the tender dossier.

The Technical Evaluation of the tenderers’ offers will be made on the basis of these amended Technical Specifications.

<p>LOT 2 – Narrowband Microwave Equipment</p>
--

**Item 10 - Space Diversity Link: please omit the reference to “Space Diversity for items 1 & 2 with a quantity of 2 links” as it is incorrect.
Therefore the final specifications should read as follows:**

“Should be Monitored Hot Standby Link Kit, for x2 links. One set in use, one spare. Kit should include RF Switch, Trib switch and all necessary cables”.

<p>Lot 5 – Telecommunication Towers</p>
--

**Item 1 and 5 -Warning Light: please omit the reference to “the light will have a minimum radiance of 2400 candela, and operate with 12v DC”, as it is incorrect.
Therefore the final specifications should read as follows:**

“Low intensity, 40 candela +/- 20%”
