**Conditions of participation**

11. **Eligibility:**  
Participation in tendering is open to all legal persons participating either individually or in a grouping (consortium) of tenderers which are established in a Member State of the European Union, in an official candidate country or a country that is a beneficiary of the Instrument for Pre-Accession Assistance, in a Member State of the European Economic Area, a country of the western Balkans region or a contributing third State, as authorised by Council Joint Action 2008/124/CFSP of 4.2.2008 on EULEX Kosovo. The participation of the insurance brokers constituting an insurance company/broker group is open, on the condition, however, that in case of the award, the contract must be concluded only with the broker.
12. **Candidature:**  
All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.  
A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the contracting authority.  
The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.
13. **Number of applications:**  
No more than 1 application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than 1 application, all applications in which that person has participated will be excluded.
14. **Shortlist alliances prohibited:**  
Any tenders received from tenderers having a different composition than the ones on the application forms will be excluded from this restricted tender procedure, unless prior approval from the contracting authority has been obtained — see PRAG 2.4.3. Shortlisted candidates may not form alliances or subcontract to each other for the contract in question.
15. **Grounds for exclusion:**  
As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.3 of the 'Practical Guide to contract procedures for EU external actions'.
16. **Subcontracting:**  
Subcontracting is allowed.  
Maximum percentage of the contract value which may be subcontracted: 30 %.
17. **Number of candidates to be shortlisted:**  
On the basis of the applications received, at least 4 and at most 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the contracting authority may invite the candidates who satisfy the criteria to submit a tender.

**Provisional timetable**

18. **Provisional date of invitation to tender:**  
1.2.2012.
19. **Provisional commencement date of the contract:**  
15.6.2012.
20. **Initial period of implementation of tasks:**

Duration in months: 12.

### **Selection and award criteria**

21. **Selection criteria:**

Same criteria for legal and natural person.

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) Economic and financial capacity of candidate:

In the case of the applicant being a public body equivalent information should be provided:

1. total average annual turnover of candidate(s) for the last 3 years (2009, 2010 and 2011) must exceed 3 times the maximum budget of the contract;

2. the size and quality of the capital reserve of candidate(s) must guarantee the viability of the candidate companies.

2) Professional capacity of candidate:

1. at least 10 staff currently work for the applicant in fields related to this contract;

2. at least 40 % of all staff working for the candidate this year in fields related to this contract are permanent.

3) Technical capacity of candidate:

1. candidate(s) have (all) worked on at least 1 major project similar to this in fields related to this contract in the past 3 years (2009, 2010 and 2011).

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. Some examples of when it may not be considered appropriate by the contracting authority are when the tenderers rely in majority on the capacities of other entities or when they rely on key criteria. If the candidate relies on other entities it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be furnished when requested by the contracting authority.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined to identify the 8 best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:

the total average annual turnover of candidate(s);

the size and quality of the capital reserve of candidates;

the number of projects related to this contract completed in the last 3 years.

22. **Award criteria:**

30. **Additional information:**

Please note that the awarding of the contract is subject to the condition of the prior adoption of a financing decision and the prior conclusion of a financing agreement, which do not modify the elements of the procurement procedure (this will be the case, for instance, if the budgetary envelope initially foreseen is different or if the time-frame, the nature or the condition of the implementation are altered).

If the precedent condition is not met, the contracting authority will either abandon the procurement or cancel the award procedure without the candidates' or tenderers' being entitled to claim any compensation.
