## SELECTION CRITERIA

### 4. Selection criteria

The following selection criteria will be applied to tenderers. In the case of tenders submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

#### **1) Economic and financial capacity of tenderer:**

The average annual turnover of the tenderer must exceed 10.000 EUR for the years 2012, 2013 and 2014.

#### **2) Professional capacity of tenderer:**

- At least 4 staff currently work for the tenderer in fields related to this contract; and
- At least 80% of all staff working for the tenderer this year in fields related to this contract are permanent.

#### **3) Technical capacity of tenderer:**

- The tenderer has operated successfully at least **one** similar restaurant/cafeteria located in the premises of an international organization and/or public authority (example in ministries, courts, etc...) and/or in a private enterprise similar to that of this contract within the last three years (2012, 2013 and 2014).-

Previous experience which would have lead to breach of contract and termination by a Contracting Authority shall not be used as reference.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

## **5. Award criteria**

Best value for money.
